SUMMARY

I am a highly motivated, collaborative, and adaptable person. Recently, I have successfully completed **Cognizant's Java Full Stack Boot Camp** offered through SMU Continuing and Professional Education. In this program, I have got a wide range of Java development skills in areas such as **Java** (Object Oriented Programming Principles, Data Structures, Lambdas and Streams); **Spring Framework** (Dependency Injection, Spring Boot, REST API, Spring MVC, Test Driven Development(TDD), Spring Security); **Relational Databases** (SQL, JPA, MySQL); **Build and Deployment** (Continuous Integration/Continuous Delivery(CI/CD), Maven); and **Cloud Native and Architecture** (Microservices, Edge Services and Messaging Systems, Containerization). I have also graduated from Generation USA Bootcamp in **Junior Full Stack Java Developer Program**. In this program, I acquired skills on both front-end and back-end web development programming. I am trained in the SQL Server Developer program and can understand and work with complex data. I have introductory level skill in using Python Programming Language, which I have acquired through LinkedIn Learning. My goal is to practice the skills that I have acquired from these training programs in the technology sector. I am passionate, determined, and capable of contributing to business success and working in a team environment to achieve common goals.

SKILLS

Java, JavaScript, Spring Framework, Spring Boot, RESTful API, TDD, SQL, JPA, MySQL, HTML, CSS, Microservices, Bootstrap, Bash Scripting, Command Line, Excel, Word, PPT, Typing Skills.

EXPERIENCE

July 2013 – Sep.
2020

Certified Nursing Assistant, Genesis Health Care, Everett, Washington

- Provided care on average for 10 residents per day in achieving their activities of daily living (ADL).
- Delivered high-quality services to all the residents through practicing good collaboration, teamwork, excellent interpersonal skills, and communication.
- Supported the nursing staff in monitoring residents' vitals, and reporting on any behavior change.
- Maintained proper records of residents' information on the computer.

August 2011 –
Sep. 2012
